

**J. ARCHER INSURANCE GROUP (JAIG):
Response to Coronavirus PART II – UPDATED 3-27-2020**

On 3-27-2020, the President signed a bipartisan \$2 Trillion Stimulus bill into law that provides over \$400 Billion to the SBA for small business lending. Visit <https://disasterloan.sba.gov/ela/> to apply online for an Economic Disaster Injury Loan for up to \$2M. JAIG is committed to all of our clients during this difficult time. If you are in need of assistance to navigate this process, we have resources to help.

As of Monday, March 16, 2020, and in keeping with advice of experts, we executed our business continuity plan and directed our entire JAIG staff to work remotely. J. ARCHER INSURANCE GROUP remains open during our regular business hours and are fully committed to providing you with the highest level of service and guidance with your insurance and risk management needs.

Although we have suspended face to face client visits until further notice, we continue to provide a high level of service through videoconference with screensharing capabilities, phone, and email access as well as online service requests and document submission from our website www.archerinsgroup.com.

Our agency is proud of our business continuity and preparedness plan, as it has allowed us to seamlessly serve clients through the most difficult times. With the use of technology, a committed team of advisors and exceptional resources, our clients can rest assured that they will receive the same exceptional service they've become accustomed to from J. ARCHER INSURANCE GROUP.

While it is very difficult to determine if an insurance policy would be triggered without review of a particular policy or drafted claim, we have prepared an overview of insurance coverages that might be applicable [Insurance Coverages & COVID-19](#). We are also mindful not to discourage anyone from taking action, as only a carrier has the authority to deny claims which are subject to the terms, exclusions, limits and deductibles of your policy.

In anticipation of claims, we ask that you provide copious and detailed recordkeeping of all damages and losses sustained and notify your carrier as soon as possible. Recordkeeping of financials, property photos and information, date of loss, costs associated with daily operations as well as additional expenses associated with mitigating or managing losses should be also be maintained to provide proof of your sustained loss.

Our thoughts and prayers continue to be with you during this challenging time. We know many of you are looking for help to manage through this crisis and we want to assure you that everyone at J. ARCHER INSURANCE GROUP is committed to assisting you as we navigate through these uncharted waters.

Sincerely,

Johnte' Archer-Adotama, JD
CEO, J. Archer Insurance Group
